

## **CCN PRO CONTINUING EDUCATION UNITS**

The California Certified Nursery Professional (CCN Pro) Committee voted to reinstate Continuing Education Units (CEUs) to support CCNP certification. CCN Pros will be required to earn 12 CEUs per year effective with the 2014 membership year. CEUs can be earned in several ways.

As a thank you to CCN Pros who have completed twenty years as an active CCN Pro we are delighted to report that although we encourage all CCN Pros to continue to further their education, they will not be required to submit CEUs to keep their CCN Pro status current.

The following is a list of suggested ways to earn CEUs. Please call the CCN Pro office (916-448-3900) to request CEU approval for events not listed below:

- CCN Pro Advanced Exams – 2 units for taking exam – 5 units for Passing
- CANGC Chapter Meetings – 1 unit per meeting
- College Horticulture Classes – 1 CEU per 1 unit class
- PlantRight 101 Training- Horticultural Invasives in CA- 1 CEU  
<http://www.plantright.org/continuing-education>
- UCIPM Workshops – 1 CEU per 1 hour of class
- Company sponsored workshops – 1 CEU per hour of workshop
- CANGC sponsored event – 1 CEU per hour of event
- Submit an article for the CANGC Newsletter – receive 1 CEU

### **BE CREATIVE!!**

We encourage CCN Pros to create fun and educational ways to earn CEUs. Volunteer your time at a nursery event or tradeshow-the possibilities are endless! Please be sure to call CANGC for approval if the project is not listed above. We encourage you to send in your qualifying event as you complete them, however, you may also send a list with your CCN Pro renewal following the 2014 renewal year.
